

Attendance

Today—shows student's timetable, office entries (made after parent contact re. lates or absences) and teachers' attendance entries.

History—shows days that student was late, absent or ill during whole days or single periods.

Notes—these are entered by the admin assistants if you have contacted the school about excused lates or absences. Any "special items" to do with attendance, are recorded here.

Summary—gives totals of absences, excused absences and lates by class.

Achievement

Topic Based—this page allows guardian's to choose a course and term, then click GO. This will give the teacher's comments, the overall current term mark and the final examination mark.

Note: the current mark is in the current term, so if you are in term 2 and chose term 1 it will show what the grade was mid-November, not the current mark.

Transcripts

Courses—shows the credits the student has completed, mark (70% term work & 30% final exam), exam mark (only if a Provincial Exam), Final Mark (may be blank, mark is what transcript records to Province), Compulsory (signifies if needed for graduation), Absent/Excused/Late totals, Possible (number of days students had classes).

Summary—shows the number of credits required for graduation broken down by Compulsory (16 or 17), Optional (13), and Required (Grade 9 ELA).

Transportation

Fort La Bosse School Division is currently transferring all student bus information over to our admin system. This will soon allow parents to view this information on-line.

Transportation—shows whether student is an eligible bus student or not.

Pickup—shows pick up time, bus driver's name, route number and location of pick up.

Drop Off— shows drop off time, bus driver's name, route number and location of drop off.
